Au Pair Quiz: Scoring Matrix for Developer Implementation

Purpose

This matrix defines how quiz answers map to:
- Age group suitability (Toddlers, Primary School, Teens, All)
- Personality traits (e.g., Planner, Flexible, Calm)
Developers should use this logic to compute result summaries and age fit from user responses.

Scoring Matrix (Per Question Option)

Q1	P, Planner	T, Flexible	TE, Adaptive	A, Balanced
Q2	T, Early Bird	P, Balanced	TE, Night Owl	A, Flexible
